

Title: Mother Earth

By Som Adhikari

**Rise and stand my friends, it time to make petition
Rise and stand my friends, it's time to complete mission
Speak louder, shake harder; it's time to stand together
Speak louder, shake harder; it's time to defend together**

**Rise and stand my friends; mother earth cries for us
Rise and stand my friends; before earth dies for us
Speak louder, shake harder; it's time to wake for changes
Speak louder, shake harder; it's time to quake for ranges**

**Rise and stand my friends; it's time to stop pollution
Rise and stand my friends; it's time we find solution
Speak louder, shake harder; it's time for Truth to spread
Speak louder, shake harder; it's time for youth to lead**
